

Questions Submitted About Project

Answers

1 Will there be need for Asbestos mitigation or has that been addressed?

It is possible that it has been done owner will continue to research and it will be owners responsibility.

2 Can we see sketch plans?

Yes they are included in an email for the 11th

3 Will the Town be looking to acquire a geotech report for the onsite soils to assist in the design of the area or will that be on the contractor or not at all?

Yes but possibly has been done and if not will be owners responsibility.

4 Can we clarify scheduling with the four constraints referred to in Section 2

Yes we do want to see a schedule that addresses each of those 4 constraints (General, Preconstruction, Construction, and Closeout)

5 Are we going to publish the sign in sheet from the walkthrough?

Yes the names and companies that came to the walk through will be in the email on the 11th.
