

MEMORANDUM

P.O. Box 4100 ♦ FRISCO, COLORADO 80443

TO: PLANNING COMMISSION
FROM: SUSAN LEE, COMMUNITY PLANNER
RE: WORK SESSION TO REVIEW FINAL DRAFT OF THE COMMUNITY PLAN
DATE: JULY 18, 2019

Summary: This work session is intended to review and provide feedback on the final draft of the Community Plan. Staff would like to share the guiding principles, goals, policies, and action items contained in the final draft in order to make final revisions prior to plan adoption. No formal action is being asked of the Planning Commission at this time.

Background: As part of the 2018 budget, Town Council approved funds to complete an update of the Community Plan. Over the past year, staff, assisted by Planning Commission, a Community Resource Group, and consultants from Clarion and Associates, conducted an extensive public outreach program and data collection program. Public meetings were held to solicit community input and feedback as the plan update developed. From the information gained, staff has prepared a final draft of the Community Plan for review by the Planning Commission.

Recommendation: Staff recommends the Planning Commission use this work session to take a detailed look at the final draft of the Community Plan and review public comments, including those received at the July 11, 2019 community open house.
