Planned Unit Development (PUD) Minor Amendment

Subsequent development applications may incorporate minor changes from the development defined by the PUD approval without the need to reapply, where the Community Development Department determines that the changes continue to comply with the Unified Development Code (UDC) and are consistent with the application approval—i.e., that the changes are necessary to comply with conditions of approval or would not significantly alter the development's general function, form, intensity, character, demand on public facilities, impact on adjacent properties, or other characteristic from that indicated by the PUD approval. The following changes shall not be deemed minor changes:

- a. A change in a condition of approval; or
- b. An increase in the number of lots.
