

Frisco Historic Resource Survey

Thank you for participating in the Frisco Historic Resource Survey. Potential properties were selected through the use of public records as to construction date, historic ownership, Frisco Historic Park & Museum information, and visual review of the buildings. These sources are invaluable, but equally important are contributions from the community in the form of specific information, historic photos, or stories that have been passed down. Any detailed information you can provide on your property would be appreciated. Most helpful is information on historic ownership and on the history of alterations and construction. Please be as specific as possible, including names and dates.

Contact Info:

Name: _____

Email Address: _____

Phone Number: _____

Street Address of Frisco Property: _____

Property Questions:

1. To your knowledge is the building in its original location?

Yes

No

Don't Know

If it is not, do you know where it came from and who owned the property when it was moved?

2. Do you have any information on previous owners of this property, going back as far as possible?
Any names and/or stories are welcome:

3. Do you have any information on alterations that have been made to the property, and when?
(Such as additions, replaced siding or windows, change in roof shape, etc.)

4. Does your building have a historic name that you know of?
