

MEMORANDUM

P.O. Box 4100 ♦ FRISCO, COLORADO 80443

TO: PLANNING COMMISSION
FROM: SUSAN LEE, PLANNING MANAGER, COMMUNITY DEVELOPMENT
RE: WORK SESSION TO DISCUSS POTENTIAL CODE UPDATES
DATE: OCTOBER 6, 2022

Summary and Background: On August 23, 2022, the Planning Commission attended a joint work session with Town Council to discuss a variety of topics including potential updates to Chapter 180, of the Frisco Town Code, the Unified Development Code (UDC). Planning Commission requested a special work session to review potential code updates. This meeting is intended to facilitate discussion from Commissioners on these potential updates.

Analysis: Code text amendments to the UDC are approved by the Town Council after consideration and recommendation by the Planning Commission. This work session is intended to share ideas for potential code updates prior to developing code text amendments. Any such amendments would need to be reviewed by the Planning Commission, in a public hearing, and then recommended to Town Council. Council may act on the proposed code text changes through the adoption of an ordinance upon first and second reading.

Staff Recommendation: Staff recommends that the Planning Commission take this opportunity to review and discuss potential code updates.
