

Town of Frisco, Colorado Request for Proposals Video Surveillance System

Addendum #1

This Addendum #1, dated December 28, 2021, is to remove item #6 under the "Proposal Requirements" of the Request for Proposals. Item #6 read:

Bid Alternative. The Town of Frisco anticipates a self-install of all cameras and equipment. As a bid alternative, provide a cost for all cabling and installation of the required cables, mounts, and video equipment at each site.

The Town of Frisco staff will be installing all cameras and equipment. There is no need to provide a bid alternative for the installation.
