--

PLEASE READ CAREFULLY:

Construction Parking

A permit must be acquired for construction parking on a project. The party in responsible charge must apply for the permit, and it must be present on job site at all times. A right of way permit for construction parking may be submitted concurrently with a building permit application. All snow removal in the permitted area will be the responsibility of the permit holder.

A Construction Management Plan must be submitted in conjunction with this permit.

Parking is prohibited on Town streets in the Main area from 2:00am – 6:00am and in the outlying areas from 12:00am – 6:00am, as signed, due to maintenance and snow removal needs.

Work must only be done pursuant to the Permit Monday through Friday between 7 a.m. and 7 p.m. unless otherwise approved by the Public Works Director.

If this permit is denied, the fee shall not be refunded as set forth in Town Code Chapter 87-5.

It is understood that the applicant, contractor, developer, owner or governmental agencies, its employees, agents and subcontractors are covered by worker's compensation insurance, and that the applicant, contractor, developer, owner or governmental agency indemnify and hold harmless the Town of Frisco from any and all claims of any nature whatsoever which thereto including costs of suits and attorney's fees incurred by the Town should litigation arise from said claims.

This understanding and agreement will be binding upon your respective heirs, executors, administrators and assigns.

Authority for the administration and enforcement of the Access Permit is derived from the 1973 Colorado Revised Statutes Sections: 37-84-103, 38-5-101, 42-4-101 through 42-4-513, 42-4-1207, 43-2-111, 43-2-147, 43-5-301, 43-5-307, and 32-1-1006.
