**How long have you lived in the Town of Frisco? Also describe any other connections to Frisco beyond just residency, if applicable.**

A resident of Frisco since 1987, I am a passionate, active citizen and business owner. I champion the issues that matter most to the local community, including workforce housing, short term rentals, infrastructure, sustainable smart design, supporting the arts, and remaining diligent about protecting our community from wildfire. We have accomplished so much! It has been my honor to fervently serve the needs of the Frisco community.

**Why are you interested in serving on Frisco Town Council?**

If re-elected I will continue to support the initiatives that we are focused on. Deed restrictions, events focused at locals, supporting local businesses, attempting to get the large corporations to provide workforce housing for their own employees. But most of all wildfire mitigation.

**Education, Philanthropic/Volunteerism, and Work Experience:**

7 years ago while I was on the frisco planning commission, I started representing the Town of Frisco on the Summit County wildfire council. I Identified the initial fire mitigation plan and connected the Frisco trails plan and fire mitigation plans. Yielding largest and most forward thinking fire mitigation plan ever taken on by the National Forest Service.

In my tenure for the Town of Frisco we have created the strategic plan, the strategic housing plan and the Comprehensive Plan which did not exist prior.

I was the first council member to get involved with the NHP foundation to get the 104 units of rental workforce housing built.

I was part of the inception of the Frisco arts council and then as the town council representative the creation of the arts and culture
