Why are you interested in serving on Frisco Town Council?

I'm interested in serving on Frisco Town Council because I care about Frisco's future and I believe my experience can help the town make smart, responsible decisions as it grows.

I spent my career leading large, complex organizations where success depended on thoughtful planning, fiscal discipline, and putting people first. Those same skills matter in local government—especially when it comes to managing growth, investing wisely in infrastructure, and ensuring taxpayer dollars are used responsibly.

Frisco is my home. I want to help preserve the character that makes this town special while making sure it remains livable and affordable for the people who work and raise families here. Serving on Town Council is a way for me to give back, bring a practical, results-focused perspective, and help Frisco plan responsibly for the long term."

management, and continuous improvement throughout my career in global technology organizations.

Volunteerism / Philanthropy

Active local volunteer with Friends of Dillon Ranger District, supporting stewardship and conservation efforts on public lands, and with the League for Animals and People of Summit (LAPS), supporting animal welfare in the community. Professionally, I also led sustainability and environmental initiatives, including oversight of Latin America recycling and environmental programs at Apple, and mentored managers and emerging leaders throughout my career.

Work Experience

Retired senior operations leader with more than 20 years of experience at Apple, Dell, and Compaq. I served in senior management roles responsible for large-scale operations, capital-funded process improvement initiatives, and new product introductions across the

In your opinion, what are your top 3 (yes, narrow them to a maximum of 3), issues facing the Frisco community?

1. Managing Growth While Preserving Community Character

Frisco must continue to manage growth in a way that protects the town's small-town character, natural environment, and quality of life. Thoughtful planning, infrastructure alignment, and clear long-term vision are essential to avoid overdevelopment and unintended impacts on residents.

2. Housing Affordability and Workforce Retention

The availability of attainable housing for local workers and families remains a critical challenge. Without addressing housing, Frisco risks losing the workforce that supports local businesses, public services, and the community as a whole.

3. Fiscal Responsibility and Infrastructure Sustainability

As Frisco invests in infrastructure, services, and amenities, it is essential to prioritize projects carefully, manage capital responsibly, and ensure long-term maintenance costs are sustainable. Transparent, data-driven decision making will help protect taxpayers while maintaining high service lev

What are your top 3 (yes, narrow them to a maximum of 3), favorite characteristics of Frisco?

1. Strong Sense of Community

Frisco shows up for itself. Events like the Frisco Community Clean Up, dog parades, town bonfires, and volunteer days bring people together and create real connections between neighbors.

2. Access to the Outdoors

The immediate access to trails, open space, Lake Dillon, and the surrounding mountains is a huge part of daily life in Frisco and something that defines the town.

3. Small-Town Character with Thoughtful Amenities

Frisco has managed to offer great services, local businesses, and community amenities while still maintaining a small-town feel. That balance is special and worth preserving.

I've served on Frisco Town Council before.
