Yes

**I've lived in Frisco since: (month and year)**

October 1995

**Candidate Email Address**

[ejsadrian@gmail.com](mailto:ejsadrian@gmail.com)

**How long have you lived in the Town of Frisco? Also describe any other connections to Frisco beyond just residency, if applicable.**

I've been living in Frisco for 30 years. Like many people, my intention was always, "one more year," and that has turned into Frisco becoming my cherished landscape and community for life. Since moving to Frisco, I have worked for local businesses. I obtained an AA from Colorado Mountain College, two BA degrees from University of Colorado and one Master's degree from Prescott College in Arizona while building my life in Frisco. I met my husband here and we married on the Rainbow Lake trail back when it was a mere footpath. We bought a house, and we are currently raising our two children in Frisco. My husband and I own a coffee roasting company and cafe on Main Street. We are a part of a loving and long-term community of friends and neighbors. Many of our relationships expand the 30 years we've been here along with new relationships as our business and community grows. Overall I've experienced most of my greatest achievements and relationships in Frisco.

**Why are you interested in serving on Frisco Town Council?**

**2026 Town Council Candidate Biographical Information : Entry # 5316**

I have been on Frisco Town Council for the past 4 years. I am seeking reelection to continue the work I've been a part of. I have established good relationships with the Town of Frisco's staff and the town manager. My goal is to continue to be a conduit between the community and town government. I would like to continue my work as it pertains to maintaining a responsible and fiscally recognized town budget. I'd like to follow through with the identified needs and action for the recently completed Comprehensive Plan, Capital Plan, Housing Needs Assessment, and Town Budget. We've established many exciting new goals and some necessary goals like implementing and updating our water infrastructure and our streets. I'd like to follow through with the current path of wildfire mitigation along with leading council members. I am focused on the long view of Frisco. We must be prepared for the future and what is essential for living a full and sustainable life in Frisco.

**Education, Philanthropic/Volunteerism, and Work Experience:**

I hold BAs in English and Ethnic Studies (University of Colorado) and a MA in Literary Theory (Prescott College). I am currently pursuing a MFA for creative writing at Regis University.

I currently own and operate a busy coffee roastery and cafe business on Main Street, Frisco.

In the past, I've been a coffee shop manager for Starbucks Coffee Co. and a popular Frisco restaurant.

I have worked as a tutor for non-profit tutoring center in Frisco for students k-12 helping many students in person and especially through the on-line learning platform during the Covid pandemic.

During the past 30 years, I have volunteered with the U.S. Forest Service, Friends of the Dillon Ranger District, Summit County Make a Difference Day, Breckenridge Outdoor Education Center, Frisco Town Clean Up Day.

**In your opinion, what are your top 3 (yes, narrow them to a maximum of 3), issues facing the Frisco community?**

A very important issue facing Frisco in the future is wildfire mitigation. While the current council, including myself, has been working with the U.S. Forest Service there is a needed continued effort and momentum to finalize what is currently known as "The Backyard Plan." The current mayor and mayor-protem have been the leading this conversation.

I am passionate about a thriving business community and an abundant workforce in Frisco. During the past four years on town council, I have been able to accomplish my goal of adding over 100 affordable units to Frisco's housing stock. This will significantly add to the community overall. This was a collaboration with the State of Colorado, Summit County Govt., The Town of Frisco, and the NHP Foundation. I am proud of this outcome and the courage and tenacity of everyone who made this happen.

I think every resident should focus on water. Where does it come from, the infrastructure needed, and the future of water rights.

**What are your top 3 (yes, narrow them to a maximum of 3), favorite characteristics of Frisco?**

My favorite characteristic about Frisco is the loving community. I have established relationships in this town that ultimately feel like deep family bonds. The support of this community to one another is legendary. I look forward to sharing my life with this community for as long as we have one another, unconditionally.

I love the recreation opportunities in Frisco. The trails on the PRA in summer and winter are special. I love the marina and all that it provides, and the trails and access from Frisco to the National Forest. The views and landscape are pretty exceptional too.

The business community of Frisco is a place that I have found to be exceptionally broad and supportive. As a business owner, I feel as though Frisco has a unique and interesting business community. I look forward to maintaining and adding to our business community as it is a necessary element to a thriving economy for a long view of Frisco overall.

**I've served on Frisco Town Council before.**

Yes

**If you answered "yes" to serving on Frisco Town Council, provide year(s) of service.**

2022-2026

**2026 Town Council Candidate Biographical Information : Entry # 5316**
