

2026 Janurary - July Planning Permits

Jurisdiction	Permit Number	Category	Permit Type	Property Address	Description of Work
					Work includes refreshing existing stone ground cover within current bed limits (no expansion), removing and replacing 25 dead or declining trees in kind, and maintaining a total of 45?55 trees on site (includes planting Colorado Spruce, Limber Pine, and Aspens). An additional 60 drought-tolerant shrubs (Serviceberry, Rabbitbrush, Sumac, and other approved species) will be added within existing beds. All new and replacement plants will meet UDC minimum sizes (trees 2?3" caliper mix; shrubs 5-gallon, ?2' height/spread). Approximately 10,000 sq ft of existing turf is preserved, which is well under the 10% maximum allowed. Rock mulch will be used in planting beds to support low-water xeriscape design principles. Any irrigation work will be routine repairs only, with soil disturbance contained within existing beds. No parking spaces or parking lot areas are altered by this work.
Town of Frisco	ADM-25-0026	Planning	Administrative Site Plan	840 N Summit BLVD, FRISCO, CO 80443	
Town of Frisco	ADM-25-0032	Planning	Administrative Site Plan	1 E Main ST, FRISCO, CO 80443	Replace bollard lights and pole lights at Town Hall
Town of Frisco	ADM-25-0033	Planning	Administrative Site Plan	539 Recreation WAY, FRISCO, CO 80443	Replacing tubing hill lights with new fixtures on top of existing light poles.
					The scope of work for this project is to eliminate the small section of grass, approximately 4 feet wide, along the north side of the existing driveway and replace with asphalt to serve as an enlarged driveway and parking area. The enlarged asphalt area addresses environmental and safety issues at 892 Hunters Cir.
					This section of grass turned to asphalt does not require watering or maintenance. Both of which are a difficult task at this location of the property landscaping.
					This driveway has several safety concerns that are addressed with the enlarged asphalt area. The driveway is very steep and especially difficult to navigate in the winter months. There is now more space to utilize while a vehicle is reversing down the steep driveway and focusing on the immediate south curve of Hunters Cir. This space provides maneuverability for the driver and options for safely existing the residence. This is especially true when there are vehicles parked in the lower section of the driveway and the winter season when the snowbanks further inhibit the line of site to the roadway. In recent years, there has been an increase in vehicle traffic and pedestrians at Hunters Cir., this enlarged area of the driveway alleviates these safety concerns.
Town of Frisco	ADM-25-0034	Planning	Administrative Site Plan	892 Hunters CIR 29, FRISCO, CO 80443	The enlarged asphalt area was completed in May of 2025. The asphalt area has been modified per input from the Town of Frisco, with the bottom 1 foot of asphalt section removed on 10/12/25.
Town of Frisco	ADM-26-0001	Planning	Administrative Site Plan	318 S 2ND AVE, FRISCO, CO 80443	ADMINISTRATIVE SITE PLAN REVIEW FOR VISITOR DRIVEWAY RELOCATION
Town of Frisco	ADM-26-0002	Planning	Administrative Site Plan	616 Recreation Way, Frisco, CO 80443	Install new lighting on Recreation Way.
					Original equipment parking area lighting failed and were replaced with new, smaller fixtures. This was a direct replacement that required no new wiring or electrical. This was done without a permit due to safety and security, and not hearing back from the TOF in a reasonable amount of time.
Town of Frisco	ADM-26-0003	Planning	Administrative Site Plan	400 West Main Street, frisco, CO 80443	

Town of Frisco	ADM-26-0004	Planning	Administrative Site Plan	918B Lakepoint Circle, Frisco, CO 80443	We propose removing 6 small to medium diameter aspen trees and 2 medium diameter spruce trees. Along with trimming approximately 7 spruces trees throughout the property to remove lower dead branches and provide 4-5 feet of ground clearance. Aspen trees marked with pink tape for removal are 6-10 inches in diameter at breast height (DBH) and spruce trees for removal are 12-16 inches DBH. All trees will be fully removed, cleaned up and hauled off site with stumps cut low to the ground. All trimmed branches will be cleaned up and hauled off site. Please see Arborist Letter for further description of work. Trees are marked with pink tape for removal and green tape for trimming. Their locations on the property are marked with X's on the attached site map.
Town of Frisco	ADM-26-0005	Planning	Administrative Site Plan	214 Windflower LN, FRISCO, CO 80443	New 7'x7' Hot Tub located on existing pervious patio surface. In order to stay below the allowable threshold of impervious surface area, we are also replacing an existing concrete walkway and stairs on the front of the house with a sand-set flagstone walkway and drip-through metal stairs, which have been approved by the ARC.
Town of Frisco	ADM-26-0006	Planning	Administrative Site Plan	610 E Main ST 610-3, FRISCO, CO 80443	We want to open a couple of windows for peppino?s pizza & subs due to the lack of ventilation and natural light in the establishment. I have already started opening part of the drywall to inspect the structure and the engineer John Borthwick has reviewed it and completed the necessary structural calculations to ensure proper support.
Town of Frisco	ADM-26-0007	Planning	Administrative Site Plan	507 E Main ST UNIT 206, FRISCO, CO 80443	Replace existing window with new larger window.
Town of Frisco	ADM-26-0008	Planning	Administrative Site Plan	620 S 5th AVE, FRISCO, CO 80443	We are removing some of the lawn and irrigation in an effort to minimize water use and maintenance. Import native rocks and lay over weed fabric as shown on site plan. Add mulch as shown. Plant shrubs and drip irrigate. Build small 4-10" tall silaom stone wall to border an existing perennial. Add perennial flowers and compost. Top dress small grass area with compost and rebuild irrigation to suit this smaller area. Add shrubs near front door as shown on site plan. NO trees will be removed.
Town of Frisco	ADM-26-0009	Planning	Administrative Site Plan	417 S 5th Ave, Frisco, CO 80443	We had a few small trees, that were mainly dead or diseased, removed from the NE side of the property in order to utilize the space in hopes of storing personal trailers and snowplowing equipment.
Town of Frisco	ADM-26-0010	Planning	Administrative Site Plan	406 E Main ST, FRISCO, CO 80443	Butterhorn Bakery dining room expansion
Town of Frisco	ADM-26-0011	Planning	Administrative Site Plan	513 Bills Ranch RD, FRISCO, CO 80443	Replace existing front deck with new.
Town of Frisco	ADM-26-0012	Planning	Administrative Site Plan	430 Hammerstone Ln UNIT 4, Frisco, CO 80443	Trash and Recycle Enclosure for Water Dance Townhomes.
Town of Frisco	ADM-26-0013	Planning	Administrative Site Plan	115B S 5th AVE B, FRISCO, CO 80443	Remove existing concrete pavers in back side yard. Install new Belgard pavers, Scandina color, 12 inch (3 piece blocks) totaling 84 square feet of pavers of which 69 sq ft is existing hard scape. Additional pavers area is 5 ft. by 3 ft or 15 sq. ft to connect to the back patio. Remove existing rock on side slope between the paver walkway and wood fence and regrade to level new pavers. Replace the same area with new 78 sq ft of 4in to 6in river cobble on slope. No additional hardscape area. Additional pavers from existing is 15 sq ft, see attached plan.
Town of Frisco	ADM-26-0014	Planning	Administrative Site Plan	509 Teller ST, FRISCO, CO 80443	Replace front deck - same size/measurement. The deck is a rectangular with a clipped corner measuring 103" x 59" with two steps down to ground. We will use composite decking - timbertech composite product - light color - for new decking, stairs, fascia and railing. There is NO HOA. We (with Family) will do construction.
Town of Frisco	ADM-26-0015	Planning	Administrative Site Plan	267 Marina RD, FRISCO, CO 80443	Structural work and solar panel installation occurring at the Lund House. The attachment provided is an assessment that was completed on all 3 buildings listed - Nordic Lodge, Lund House, and Island Grill. But the recommended work from the structural engineer is only for the Lund House. The Lund House scope of work is truss reinforcement to meet current building code requirements.
Town of Frisco	ADM-26-0016	Planning	Administrative Site Plan	50 Hawn DR, Frisco, CO 80443	Replace existing deck with new decking and railing
Town of Frisco	ADM-26-0017	Planning	Administrative Site Plan	616 Recreation Way, Frisco, CO 80443	New pole lights for ballfield parking lot at PRA

Town of Frisco	ADM-26-0018	Planning	Administrative Site Plan	261 Lusher CT 2A, FRISCO, CO 80443	Proposed Rivian DCFC EV charging stations in existing shopping center parking lot.
Town of Frisco	ADM-26-0019	Planning	Administrative Site Plan	92 Creekside DR 4, Frisco, CO 80443	Rear Deck Removal and Replacement
					Interior: Demo as per plans - all bathrooms, flooring, basement ceiling drywall, main floor ceiling drywall, all kitchen cabinets and island, all windows and doors, remove post in kitchen, remove chase on main floor Exterior: Demo all siding and roof, demo front deck (south side), demo railing on north side deck
					Concrete: pour new footings on south side for deck and new low roof
					Framing: Framing as per plans - Main Floor: Reframe south side gable wall for new trifold patio door and new square window in powder room bathroom as well as new low roof, new low roof with over framing on south side, new low roof over deck on north side, new footers for the low roof as well as new footers for the deck on the south side, new deck on south side, reframe north side gable wall for new deck door and awning window as well as new roof, add new steel beam for structural support in place of post in kitchen per plans, move partition on west side to match partition wall on east side
					Top Floor: Reframe south side gable wall for new master bedroom window configuration, add window in master bedroom closet, new master bedroom closet layout, reframe north side gable wall to add window in the north west bedroom
					Bottom Floor: Weld steel plate onto existing steal beam in garage, no other framing adjustments
					Plumbing: Change master bath from a tub to a shower, new valves in all baths, new faucets in all baths, new toilets in all baths, new trim kits and shower heads in all baths, move kitchen sink to east wall in new location, add water line for fridge, move
Town of Frisco	ADM-26-0020	Planning	Administrative Site Plan	40 Teller ST, Frisco, CO 80443	Replace the grass with a permeable stone patio.
Town of Frisco	ADM-26-0021	Planning	Administrative Site Plan	298 Belford St, Frisco, CO 80443	
					I plan a like-for-like improvement to the front deck at 503 Bills Ranch Road, removing the wood railing and decking and replacing them with Fiberon railing and decking. The framing and footprint will remain the same. The current joists have 24? spacing so I will need to add joists to establish 12? spacing. The new railing will have metal balusters and a Fiberon cap. Pictures are attached. The Fiberon material will be a rust brown (Sanctuary Maringa) I will also upgrade the stairs with Fiberon steps and risers.
